

6 January 2020

Dear Parents/Carers

Updated Information – Student Transport to and from Trentham Academy

'The Man in Space' car park will be closed off to all traffic with immediate effect until 28 January 2020, as I have just been informed that equipment has arrived on site earlier than expected in preparation for the refurbishment.

Could I respectfully ask that during this period you plan your drop off and collection points carefully, at a point away from the school, to ensure the safety of students and to avoid the build-up of traffic. It is also important that consideration is shown to our neighbours by refraining from parking on grass verges or in front of driveways.

Please also note that Hanford Health Centre, on New Inn Lane, has often been used as a drop off point by parents but could I please ask, as I have previously, that you refrain from doing so as this area is strictly for patient parking.

Yours sincerely

Mike Whittingham
Headteacher
